

DIE KUR - REGIME: THE UNSETTLING MARCH TO THE WORLD DOMINATION

Press Release

London, 14 February 2021

NMTCG is proud to announce the release of “**REGIME: THE UNSETTLING MARCH TO THE WORLD DOMINATION**”, **DIE KUR** fifth official album. Following up “**BENEATH THE WAVES**” and “**ALL THE WAY DOWN TO A NEW REGIME**”, this new release belongs to the main concept of a dystopian “**REGIME**”, and it is comprised of three parts:

Part 1: THE UNSETTLING MARCH TO THE WORLD DOMINATION

Part 2: THE NIGHTMARE UNLEASHED

Part 3: THE FLIGHT OF THE MANTA

Spanning from their classic industrial metal style to a more avant-garde form of experimentation, **DIE KUR** adds some progressive elements in the mix, making the album a true representation of their distinctive live shows.

The opening track “**THE EYE THAT SEES THE WORLD**” is the first of four singles, alongside “**THE WORLD WE LIVE IN**”, “**THE FLIGHT OF THE MANTA**”, and “**THE OUTSIDER**”. Also featured “**The Devil’s Prayer**” and “**A New Form of Regime**” both of which share the same concept of chess game with the Devil, revealed as a parallel with the **Regime** war-machine.

The album also includes two ambient/avant-garde industrial tracks recorded live at the **Theatro Technis** in Camden during the theatre play **Puggo’s Dream**, which they scored the entire soundtrack for, and included in part in the video.

The full album is now available as a continuous series of conceptual videos, and it premiered on January 30th, 2021, for **Retribution Alive**. Digital streaming, CDs, and downloads are scheduled soon to follow from February 27th, 2021.
